

Outsourced Finance & Accounting Services

CFO Services

CFO Level Expertise by Alan Neal & Associates, Inc.

Alan Neal & Associates, Inc. (ANA) offers you a convenient and cost-effective solution for all your financial management needs. Our part-time CFO services allow you access to CFO level expertise without the expense of hiring the full-time, dedicated resource.

Leverage our expert panel of finance professionals who can assist you with financial requirements.

- Budgets and Forecasting
- Financial Analysis
- Cash Flow Management
- Key Performance Indicators
- Special Financial Projects
- Establish metrics that measure the efficiency of the operating processes and systems
- Strategic planning, defining the course and direction the organization will take in order to maximize the company's future potential

Let our team do the work and share the analysis with you to make critical decisions. By using our CFO level services, you increase your available time to dedicate to clients and relevant business activities. Our CFO services are accessible to you 24x7. Our professional team includes a Certified Public Accountant, a full-charge bookkeeper and, when warranted, a cash manager and CFO.

Our commitment to quality and service has resulted in client retention rates of over 95%. Making ANA part of your team will help you reduce your current accounting and bookkeeping costs.

Benefits

- Affordable solution to CFO level financial expertise
- Scalable access to CFO services 24/7
- Support from knowledgeable and detail-oriented financial team
- Accurate, customized financial reports
- Timely access to documents and information
- Company has defined course and direction
- Ability to identify operating and system weaknesses
- Know how your business compares to others similar in size and industry

“One of Alan Neal & Associates, Inc. greatest strengths is their ability to understand the whole business, its processes, systems and its metrics from supplier through customer. They automate the processes as much as possible. This greatly reduces the risk of error, making us more efficient as a business.”

Dick LaFollette, CEO
Air & Hydraulics Equipment, Inc.
